Memorandum

DATE: September 14, 2009
TO: CMA Board
FROM: Administration and Legislation Committee
SUBJECT: Grand MacArthur Boulevard Project: Authorization to Accept Construction Contract

Action Requested:

It is recommended the CMA Board accept the completed construction contract for the Grand Avenue – MacArthur Blvd. Rapid Bus – Transit Signal Priority/Emergency Vehicle Preemption (TSP/EVP) Project for Rays Electric Inc. through the adoption of Resolution number 09-010.

Discussion:

The Alameda County CMA, in association with AC Transit and the City of Oakland, developed the scope of the project and secured its funding. Regional Measure 2 (RM2), Federal, and TFCA funds were used to plan, design and deploy the Grand Avenue MacArthur Blvd. Rapid Bus program. The project included work on two major arterial corridors in the City of Oakland; The Grand Avenue and The MacArthur Blvd Corridors. These two corridors are critical AC Transit routes traveling through areas of high-density housing, with high-volume pedestrian and vehicular traffic. The purpose of the project was to implement an integrated, multi-modal advanced transportation management system consistent with previous SMART Corridors projects.

The Grand MacArthur Boulevard Rapid Bus TSP/EVP project opened bids on July 9, 2008. The CMA Board awarded the contract to Ray's Electric on July 31, 2008 for \$1,324,058. The Board also allocated \$133,000 for contingency and supplemental work. A summary of contract cost at completion is provided below:

Contract Summary

- Awarded Contract Amount: \$1,324,058
- Total CCO Amount: \$ 82,089
- Total: \$1,406,147

On August 28, 2009, Ray's Electric Inc. completed the contract work in all respects in accordance with the plans and specifications. The contract was completed under budget and with no claims. The Construction Manager responsible for the management of the construction activities has recommended the acceptance of the completed contract after satisfying the contract requirements and completing the punch list items established in coordination with the local agencies and Caltrans.

Staff recommendation is for the CMA Board to accept the contract for the Grand Avenue – MacArthur Blvd. Rapid Bus – TSP/EVP through the adoption of Resolution 09-010.

Financial Impact to the Budget:

The projects and the equipment procurement contract were completed within the allocated budgets for construction including contingencies. There are no financial impacts to the approved CMA budget due to these actions.
